

Product Description:

- Universal Hand Gel Bottle Holder
- Holds a wide range of bottle sizes
- Keyholes for wall mounting
- Made of quartz ABS Plastic

Primary Area for Product Usage:

- Anywhere soap, sanitizer, or lotion may be needed

Dispenses (sold separately):

- Holds most popular brand name products such as 3M, Cardinal Health, Crosstex, Dial, Kleenex, Purell, Steris, and many others

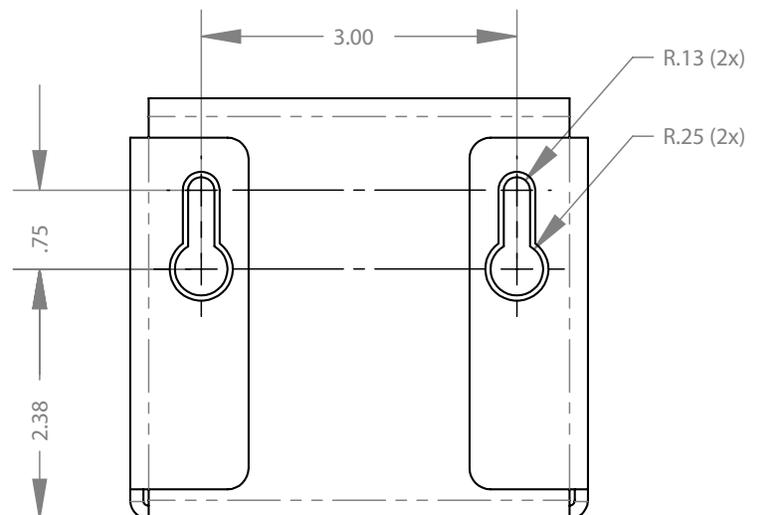

Package Specifications:

- Package Quantity: 12 per case
- 14.0"L x 12.0"W x 8.5"H (35.6 cm x 30.5 cm x 21.6 cm)
- 7.0 lbs (3.2 kg) - approximated

Product Specifications (overall external dimensions):

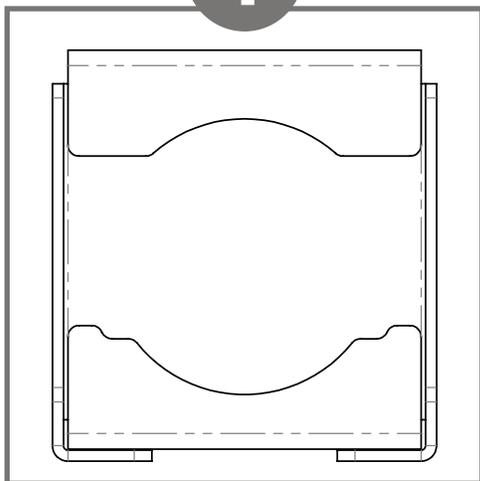

- 4.35"W x 4.00"H x 4.52"D (11.0 cm x 10.2 cm x 11.5 cm)
- 0.34 lbs (0.2 kg) - approximated

Mounting Specifications:

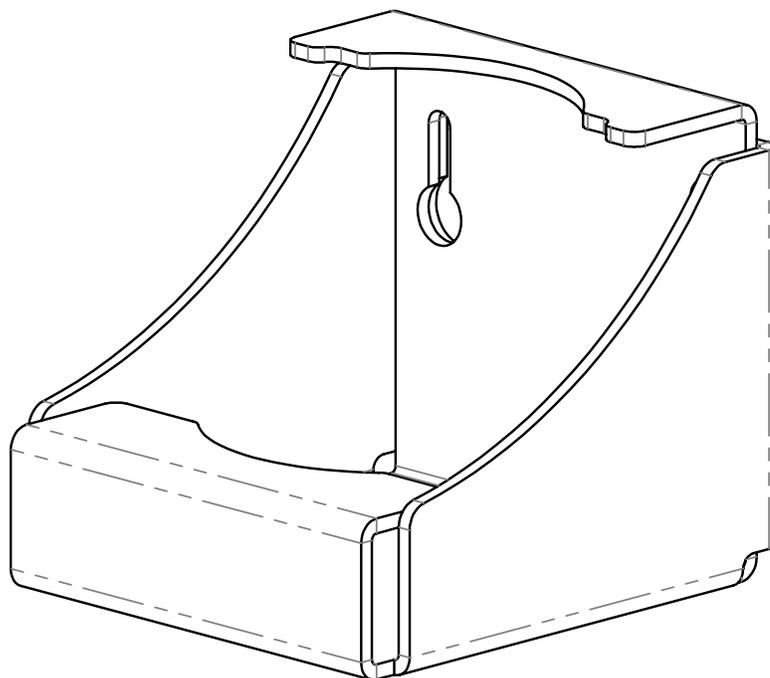

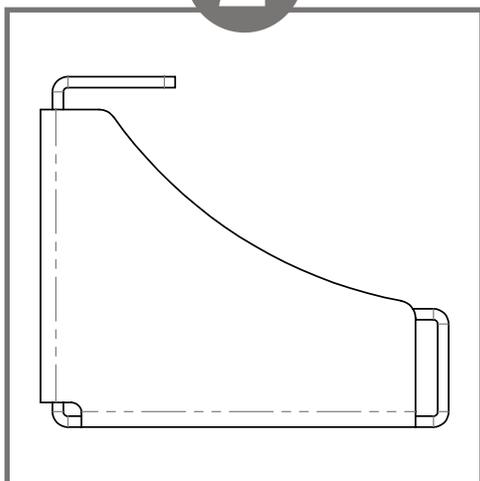

1

Curved design controls bottle stability from side to side and helps prevent spills and broken pumps or bottles.

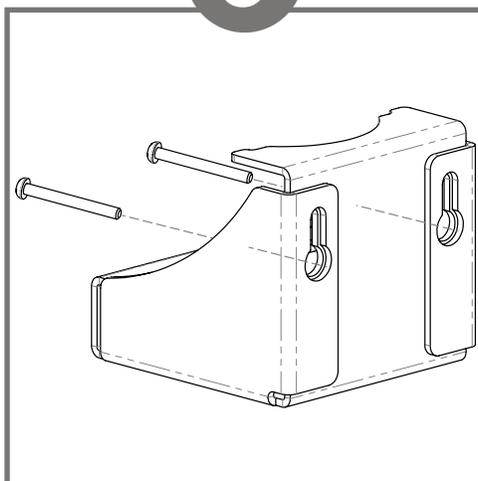

2

High support in the back combined with lower in the front prevents tipping without interfering with pump access.

3

Dispenser should be mounted securely to a wall through keyholes in back with screws approved by building maintenance.

Parts included:

- Bottle Holder

Tools required:

- No tools are needed to assemble the bottle holder

Advantage

Designed for Long-Term Heavy-Duty Applications

The combination of copolymers (Acrylonitrile, Butadiene, and Styrene) gives ABS an excellent combination of strength, rigidity, and toughness.

Major Benefits

Durable

ABS has good chemical and stress-cracking resistance. It is tough, dimensionally stable, and will hold up to long-term use.

Cleaning

Use mild soap and water to clean. Petroleum-based oils, solvents, and paints should not be used.

Strength

ABS plastic possesses good strength and performance characteristics at a reasonable cost. These qualities make it perfect for a wide variety of applications, including medical and laboratory equipment.

Appearance

The quartz, lightly textured finish has a clean, attractive look.
