

GE CRITIKON Blood Pressure Cuffs

Total solutions for non-invasive blood pressure

Manual Inflation Systems and Accessories

GE Healthcare offers a comprehensive line of blood pressure monitoring equipment and supplies. In addition to cuffs and connectors, GE offers a wide variety of blood pressure monitoring peripherals, including wall manometer assemblies, inflation bulbs and valves, hand held (pocket) aneroid gauges, wall baskets and stethoscopes.

All GE CRITIKON® cuffs are color-coded for quick and accurate sizing, and meet the American Heart Association’s sizing standards to help ensure the most accurate blood pressure readings.

Products included in this catalog are not made with natural rubber latex.
