

# AirLife<sup>®</sup> manual self-inflating resuscitation devices

## Support your patient's next breath

Reliable and affordable, AirLife<sup>®</sup> manual self-inflating resuscitation devices are fully disposable to address your cross-contamination concerns in today's healthcare environment. Our devices feature a textured bag, double-swivel elbow and three removable oxygen reservoir options. The accessories include five sizes of masks, large and small CO<sub>2</sub> detectors, a PEEP valve, a manometer and an exhalation filter to cover all of your resuscitation needs. You can trust them to support your patient's next breath, so they can get the air they need.
