DEVRASORB™

Foam Dressings

Features & Benefits

- Super absorbency – absorbs more than 15 times and retains more than 10 times its weight in fluids
- Optimized wound breathability – outer semipermeable membrane limits liquid leakage yet allows physiologic oxygen and moisture vapor permeability
- Wound cleansing – incorporates a nonionic surfactant that has been found to be an effective wound cleansing agent
- Ease of release – provides painless release even after several days
- Contains skin soothing agents – skin softeners and humectants exclusively formulated to prevent the dressing from drying out and sticking to the wound bed
- Isotonic solutions create a safe, physiologic environment that has long been known to be beneficial to cellular healing
