Wound Closure Strips

Description

Can be used in conjunction with or as an excellent alternative to sutures or staples

Features & Benefits

- Adhesive backed, thin non-woven, reinforced fibers that are arranged in a bilateral pattern for high tensile strength
- Provides support following early suture/staple removal
- Keeps wound closed without significant tension, edema, stretch or movement
- Translucent and porous
- Quick, simple application
- Non-invasive, less physical trauma
- Comfortable to wear
- Improved esthetic results; no puncture marks

Indications:

- Provide support following early suture/ staple removal
- Closed wounds without significant tension, edema, stretch or movement
- Secure devices to skin (such as IV)
- Secure skin grafts in burn patients
- Secure skin flaps

Contraindications:

- Infected wounds
