

# LAPRA-TY®

## Absorbable Suture Clip Applier

### Clip the end of sutures in seconds

Compared to tying sutures, the time-saving LAPRA-TY® Absorbable Suture Clip Applier makes clipping Coated VICRYL® (polyglactin 910) Suture as easy as squeezing the ergonomically designed handle.

This reusable device, compatible with LAPRA-TY® Absorbable Suture Clips, anchors and secures each end of a single strand of size 2-0, 3-0 or 4-0 Coated VICRYL Suture for soft tissue approximation for a period of up to 14 days.

### LAPRA-TY Absorbable Suture Clip Applier features

- Clips designed to retain their security on each end of a single strand of Coated VICRYL Suture
- 22° angled jaws designed for maneuverability and visibility for clip placement
- One-piece clips molded from the polymer poly (p-dioxanone)
- 360° shaft rotation
- Can be used in any laparoscopic procedure

Precision tip securely holds each clip during manipulation and placement.

Six absorbable clips in each easy-load cartridge, six cartridges per box.
