

# Endocell® Provides Simple, Safe Endometrial Sampling

## DISPOSABLE CELL SAMPLER SCREENS FOR A WIDE RANGE OF CONDITIONS

### Endocell Disposable Endometrial Sampler

Wallach's Endocell® is an easy-to-use, disposable cell sampler that requires only manual suction to safely extract a histological sample from the endometrium.

The simplicity of Endocell enables all practitioners to perform the endometrial screening procedure. For patients, Endocell is a simple, non-traumatic test that can be used in the early detection of cancer of the uterus.

- Excellent suction provided by elastomeric seal piston plunger
- No cervical dilation necessary in most cases
- Numbered sounding marks for safety and precision
- 3.1mm outside diameter
- Sterilized and individually packaged for convenience
- Flexibility promotes patient comfort

ITEM #	DESCRIPTION
908015	Endocell 6 boxes of 35 (210 pieces), sterile
