## 4 FL OZ (118 mL)

## Drug Facts

### Active ingredients

Piperonyl butoxide 4%.....Lice treatment  
Pyrethrum extract  
(equivalent to 0.33% pyrethrins).....Lice treatment

### Purpose

**Uses** treats head, pubic (crab), and body lice

### Warnings

**For external use only. Do not use** ■ near eyes  
■ inside nose, mouth, or vagina  
■ on lice in eyebrows or eyelashes. See a doctor if lice  
are present in these areas.

**Ask a doctor before use if you are**

■ allergic to ragweed. May cause breathing difficulty  
or an asthmatic attack.

**When using this product**

■ keep eyes tightly closed and protect eyes with a  
washcloth or towel  
■ if product gets into eyes, flush with water right away  
■ scalp itching or redness may occur

**Stop use and ask a doctor if**

■ breathing difficulty occurs ■ eye irritation occurs  
■ skin or scalp irritation continues or infection occurs

**Keep out of reach of children.** If swallowed, get  
medical help or contact a Poison Control Center  
right away.

### Directions

■ **Important:** Read warnings before use.  
■ **Adults and children 2 years and over:**  
■ apply thoroughly to **DRY HAIR** or other affected area.  
For head lice, first apply behind ears and to back  
of neck.

- allow product to remain on hair for 10 minutes, but no longer
- use warm water to form a lather, shampoo, then thoroughly rinse
- for head lice, towel dry hair and comb out tangles
- a fine-toothed comb or a special lice/nit removing comb (included) must be used to help remove lice, eggs, and nits from hair
- a second treatment must be done in 7 to 10 days to kill any newly hatched lice
- if infestation continues, see a doctor for other treatments

### Other information

- store at 20°-25°C (68°-77°F)
- see package insert for additional information
