

Drug Facts

Active ingredients (in each 2 TSP (10 mL)) **Purposes**
Dextromethorphan HBr USP 20 mg.....Cough suppressant
Guaifenesin USP 200 mg.....Expectorant

Uses

■ temporarily relieves cough due to minor throat and bronchial irritation as may occur with cold ■ helps loosen phlegm (mucus) and thin bronchial secretions to drain bronchial tubes

Warnings

Do not use if you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric, or emotional conditions, or Parkinson's disease), or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains an MAOI, ask a doctor or pharmacist before taking this product.

Ask a doctor before use if you have

- a cough that lasts or a chronic cough such as occurs with smoking, asthma, chronic bronchitis or emphysema
- cough occurs with too much phlegm (mucus)

Stop use and ask a doctor if cough lasts more than 7 days, comes back, or is accompanied by fever, rash, or persistent headache. These could be signs of a serious condition.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of the reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.

Directions ■ do not take more than 6 doses in any 24-hour period
■ this product is not intended for use in children under 12 years of age
■ TSP = teaspoonful

| | |
|--|---------------------|
