#### Active ingredient

Miconazole nitrate, USP 2% (100 mg in each applicator) . . . Vaginal antifungal  
**Uses** • treats vaginal yeast infections • relieves external itching and irritation due to a vaginal yeast infection

#### Warnings

For vaginal use only

Do not use if you have never had a vaginal yeast infection diagnosed by a doctor.

**Ask a doctor before use if you have** • vaginal itching and discomfort for the first time • lower abdominal, back, or shoulder pain, fever, chills, nausea, vomiting, or foul-smelling vaginal discharge. You may have a more serious condition. • vaginal yeast infections often (such as once a month or 3 in 6 months). You could be pregnant or have a serious underlying medical cause for your symptoms, including diabetes or a weakened immune system. • been exposed to the human immunodeficiency virus (HIV) that causes AIDS.

**Ask a doctor or pharmacist before use if you are** taking the prescription blood thinning medicine warfarin, because bleeding or bruising may occur.

**When using this product** • do not use tampons, douches, spermicides or other vaginal products. Condoms and diaphragms may be damaged and fail to prevent pregnancy or sexually transmitted diseases (STDs). • do not have vaginal intercourse. • mild increase in vaginal burning, itching or irritation may occur • if you do not get complete relief ask a doctor before using another product.

**Stop use and ask a doctor if** • symptoms do not get better in 3 days • symptoms last more than 7 days • you get a rash or hives, abdominal pain, fever, chills, nausea, vomiting, or foul-smelling vaginal discharge.

#### Purpose

**If pregnant or breast-feeding**, ask a health professional before use. **Keep out of reach of children.** If swallowed, get medical help or contact a Poison Control Center right away.

**Directions** • before using this product read the enclosed consumer information leaflet for complete directions and information

• **adults and children 12 years of age and over:**

- **applicator:** insert 1 applicatorful into the vagina at bedtime for 7 nights in a row. Wash applicator after use.
- use the same tube of cream if you have itching and irritation on the skin outside the vagina. Squeeze a small amount of cream onto your fingertip. Apply to itchy, irritated skin outside the vagina (vulva). Use 2 times daily for up to 7 days as needed.

• **children under 12 years of age: ask a doctor**

- Other information** • to open tube use cap to puncture seal
- do not use if seal over tube opening has been punctured or is not visible
- store at 20°-25°C (68°-77°F) [see USP Controlled Room Temperature] excursions permitted to 15°-30°C (59°-86°F).

**Inactive ingredients** benzoic acid, butylated hydroxyanisole, mineral oil, oleoyl polyoxyglycerides, pexogol 7 stearate, purified water

**Questions? 1-800-432-8534 between 9 am and 4 pm EST, Monday-Friday.**
